CABLE ASSEMBLY

FE TECHNOLOGY, INC.
Your Manufacturing Source

www.fe-tech.com

- 30 years of experience in sourcing products for OEM customers
- Services range from conceptual design to finished product
- USA engineering for evaluating customer specifications
- Inspection of shipments to ensure specification compatibility
- JIT delivery from warehouses located in Ohio and California
- Quality supplier ready to offer full support to our customers

Custom Cable Design

Over the years we have manufactured many types of molded cable assemblies. Our products are primarily designed to our customer's specifications. These specifications can include the wire spec., pin assignments, special performance requirements, custom logo's, and package requirements.

QUALITY: Our factory is ISO certified to ISO 9001. Our products also meet RoHS standards when required. We maintain complete QA files in our manufacturing facility for IQC, IPQC through to Final QA, to ensure the ongoing quality of our products during their service life. Our factory QA group is prepared to offer standard testing data and special customer testing when required.

FE Technology stands by our commitment to provide the best products for your needs. We provide a 1 yr. warranty with all of our production products, standard or custom-built/designed. Our *Customers* can be assured that FET will keep your production cost down and your supply line running smoothly.

- Communication Cable
- Hi-Speed Patch Cables
- Computer Cables
- Coaxial Cables
- SCSI Cables
- USB Cables
- Cable Adaptors
- Automotive Cables
- Harness Configurations

Molded Cables:

- Internal pcba
- Multiple conductor
- High retention coil cable
- Automotive Diagnostic Cables
- Multiple Connector Cables
- Discrete Wire Harness
- Power Cables

Custom Tooling:

- Steel/Aluminum
- Multi-Cavity
- Stamping
- Injection
